## A Wild Food Community-based farm

**Lov'n it Live!** A live food cuisine, in East point, GA has brought into fruition, a locally based **5 Acre CSA**, located in College Park, GA. (near Roosevelt Hwy and feldon Rd, just south of 285). This Community-based endeavor is seeking membership. We will engage in the cultivation of Wild, Indigenous, pre-heirloom and heirloom food varieties that date from the early 1700's to centuries and millenniums old, utilizing Bio-organic sustainable principles; making them collectively the oldest varieties found on any farm within the USA.

They were finely selected for their superior nutritional quality, genetic vitality and unique taste. They are available in **1 1/4 (\$30)** and **2 (\$45)** shopping bag (bushel) sizes - **wholesale price**, on a weekly basis, **the same day of harvest.**

The harvest normally begins (2010) 1st week in April through December (39 weeks); but this our first season, harvest begins late October thru Jan 1st. (9 weeks)

**We have employed a barter initiative, that exchanges 4 hours of volunteer work on the field for 1 bushel (shopping bag) of radiant food.**

**The two (2) membership programs are**

**\$75 (1 1/4 shopping bags/week)**

**\$150 (2 shopping bags/week)**

**Vibrant Seed + Optimal soil = Radiant Food**

**wild crafted cultivation**

**Seed Preservation**
